

CLAUDIA VON ARX

Department of Clinical Medicine and Surgery
Division of Oncology
University of Naples Federico II
Via S. Pansini, 5
80131, Naples, Italy
Telephone: +39/0817463660
Fax: +39/0812203147
E-mail: claudia.vonarx@gmail.com

Curriculum Vitae

Personal information

First name(s) / Surname(s) **Claudia von Arx**
Address(s) 270, via Jannelli, 82131, Napoli Campania, Italy
Telephone(s) 00393332908630 Mobile:00393894467305
E-mail Claudia.vonarx@gmail.com

Nationality Italian

Date of birth 18 Dec 1985

Gender Female

Work experience

Dates 2012 to present
Occupation or position held **Resident in Medical Oncology**
Name and address of employer Dipartimento di Medicina Clinica e Chirurgia, Università di Napoli Federico II, Naples, Italy

2013 to present
Member, co-worker and clinical researcher at *Enets Center Of Excellence Multidisciplinary Group For Neuroendocrine Tumor Naples*

Education

Dates 2004-2011
Title of qualification awarded **Bachelor Degree in Medicine and Surgery** at University of Naples, Federico II (Laurea in Medicina e Chirurgia cum Laude, Università di Napoli Federico II)

Dates 2008 to present
Title of qualification awarded Attendance to several meeting, courses and congresses about oncology

Research experiences

Dates	2011 to present
Title of qualification awarded	Clinical cancer research at University of Naples Federico II (focused mainly on breast, ovarian, melanoma, head and neck cancers for development of predictive biomarkers to treatment response and on planning and experimentation of new drugs; participation at phase I, phase II and phase III trials) Research Supervisor: Prof. Sabino De Placido, Department of Clinical Medicine and Surgery, Division of Oncology, University of Naples Federico II
Dates	2011 to present
Title of qualification awarded	Clinical cancer research at INT IRCSS Fondazione G. Pascale of Naples (focused mainly on Neuroendocrine cancers for development of predictive biomarkers to treatment response and on planning and experimentation of new drugs; participation at phase I, phase II and phase III trials) Research Supervisor: Dott. Tafuto Salvatore, Department of Abdominal Oncology, Division of Medical Oncology, Istituto Nazionale Tumori, IRCCS – Fondazione G. Pascale, Naples, Italy
Dates	2011 to Present
Title of qualification awarded	Clinical researcher at “Centro Regionale Tumori Rari” Research Supervisor: Dott.ssa Giovannella Palmieri, CRTR, Department of Clinical Medicine and Surgery, University of Naples Federico II

Membership

Dates	2012
Title of qualification awarded	Inscription to Albo Professionale dei Medici Chirurghi di Napoli
Dates	2012 to present
Title of qualification awarded	ESMO, ENETS and AIOM young oncologist member

Medical Skills

- Hospital Management of Oncology Division patients
- Ambulatory Management of oncological patients
- Management of oncological emergencies
- Management of pain therapy
- Management of clinical phase II, III trials and observational studies
- GCP last training on 04 Nov 2014
- Cardiopulmonary resuscitation and use of dea semi-automatic defibrillators performer blsd, basic life support defibrillation

Organizational Skills and Competences

- Excellent ability to adapt to multicultural environments, gained through my work and study experiences abroad;
- Team spirit enhanced through my work experiences
- High level of moral and ethical standards;
- Good communication skills gained through my studies
- Leadership (have been responsible for a team of 6 people)
- Good experience in project and team management (organization of tumor board for ENETS EXCELLENCE GROUP)
- Sense of organisation
- Good experience in project group
- Good computer skills on operating systems, text processing, spreadsheets, managers database, surfing the internet, data transmission network, multimedia (sounds, images, video)

Experience in clinical trial

- 2013 **RADIANT-4**: A randomized, double-blind, multicenter, Phase II study of everolimus (RAD001) plus best supportive care versus placebo plus best supportive care in the treatment of patients with advanced NET of GI or lung origin

- 2013 **LUNA Trial**: Multicenter 3-arm trial to evaluate the efficacy and safety of Pasireotide LAR or Everolimus alone or in combination in patients with well differentiated neuroendocrine carcinoma of the lung and thymus

- 2014 **GIM11-BERGI** : *Safety and Efficacy Study of Eribulin in Combination With Bevacizumab for Second-line Treatment HER2- MBC Patients*

- 2015 **MO25757 AVALTE** : *Studio di estensione multicentrico, in aperto e a braccio singolo sull'uso di bevacizumab in pazienti con neoplasie ovariche trattati con bevacizumab sperimentale, al termine di uno studio sponsorizzato da F. Hoffmann-La Roche e/o Genentech*

- 2015 **MK-3475-048/KEYNOTE-048** *A Study of Pembrolizumab (MK-3475) for First Line Treatment of Recurrent or Metastatic Squamous Cell Cancer of the Head and Neck*

I declare to have knowledge of good clinical practice (GCP) and have experience in conducting clinical trials according to GCP rules

Mother tongue(s) **Italian**

Other language(s) English; French
